**Subject:** Re: CIWMB'S LANDFILL FACILITY COMPLIANCE STUDY: DRAFT PHASE II REPORT AND DRA...

Bobbie Garcia

Bobbie,

Please find attached my comments on GeoSyntec's draft "Landfill Facility Compliance Study Task 8 Report—Summary of Findings and Comprehensive Recommendations." As discussed in my comments, the GeoSyntec draft report for Task 8 does not present a credible discussion of landfill compliance issues. There is need for the Board to issue a contract to someone who will reliably report on these issues.

Please make my comments available to the CIWMB and those on the staff interested in this issue. If there are questions, please contact me.

Fred
